The Universal Eco-Symbol for the environment is shown above with the One with the Earth slogan. The symbol says that all environmental issues are components of one larger overarching challenge -- ensuring a livable world for our children and future generations. Free for all to use, the symbol provides a unifying graphic for individuals, environmental groups, and businesses to identify themselves as caring about protection of the environment. Symbol art is available for free download on our website. The Universal Eco-Symbol design elements represent **Earth, Water** (covers 70% of the Earth's surface), **Land** (30%), **Sun** and **Life** . Rev. 06-17-10

Don't forget to include a stamped self-addressed envelope.
